## Starry Starry Night...

### **Celestial Phenomenons**

For thousands of years, humans have developed stories to make sense of the night sky. Join us to discuss diverse interpretations.

Attendees are encouraged to bring their telescope - presenter will also have one on hand.

### **MICHAEL P. DOYLE** — Park Ranger, Gulf Islands National Seashore

Mike Doyle is a park ranger at Gulf Islands National Seashore and a lifelong resident of the Gulf Coast. He studied anthropology/archaeology, history, and forestry at the University of West Florida. His programs not only reflect his diverse interests in the natural and cultural world but they also mirror the interdisciplinary mission of the National Park Service.

The Science Café offers those with minimal background in science, the chance to meet and discuss scientific issues in a relaxed social setting. Admission is free and open to the public.
