

Identify the scientific party chief. Attach waivers for any non-GCRL employees:

Project or budget control to be charged:

Complete name and address for billing purposes:

Other pertinent information:

The Gulf Coast Research Laboratory is committed to the support of a drug-free workplace. In an effort to achieve and maintain a drug-free policy, zero tolerance is a condition of this request for charter. Simply stated, zero tolerance is a policy implemented by the U.S. Customs Service and the U.S. Coast Guard to comply with the President's stand to hold all drug users accountable for their illegal actions. Therefore, a signed request for charter of the MISS PEETSY B under these condition as is an agreement that neither you nor any member of charter party will introduce or use illegal drugs on board the MISS PEETSY B.
